Every day many people work for us. Let us call them our helpers. How do they help us? A farmer helps us to have good things to eat. He grows all kinds of grain and vegetables for us. A baker makes bread for us. A postman brings us letters, newspapers and magazines. A barber cuts our hair, he shaves grown-up men. A shoemaker mends shoes for us. A dressmaker makes our clothes. A driver drives car, buses and trolley-buses. An engine driver drives a train for us. A miner digs coal for us. A fitter fits up new machines. A turner turns new metal parts. A joiner makes furniture. A builder builds houses for us. A fireman comes when somebody's house is on fire and puts out the fire. He carries grown-ups and children out of the houses and saves their lives. A doctor cures us. He comes when we are ill and gives us medicine. A teacher teaches us many interesting things.
