2. Reading. Ex. 7 p.150-151.

7 a) Read the letters and speak on kids' opinions about saving the Earth.

SAVE OUR PLANET! chat

I think there are a lot of ways we can help to save the Earth. One way is to remember the three Rs. I save the plastic bags we get at the grocery store and use them again. I save plastic food containers. They make good toys to play in sand and water. Before I buy something, I ask myself the following questions, "Do I really need this? Is it recyclable? If I have to throw it away, will it harm the environment?"

I have a bird feeder that I fill by myself. I want to be the kid who saves the Earth!

Jackie

Lesson 2

SAVE OUR PLANET!

The problem of the environment is much spoken about on TV, radio, and in the newspapers. But my friends and I don't really talk about it. I know Greenpeace and Friends of the Earth. But in our school we don't have an environmental programme. There are special magazines about nature. My favourite magazine is the Sport News. I'm in the school football team. We play football twice a week. I'm going to be a football star.
